

Instructions for accessing USA Lacrosse online training

1. Go to USALacrosse.com and click “My Account” in the upper right:

2. Check the “I’m not a robot” box, then login. You must log in through your own account and not through a parent account.

3. It’s possible you may have to select an account first, or it may just take you to something close to this:

4. If you don't see the "E-Learning" option, you probably don't have "official" status on your account. In that case, click "View/Edit Profile" and scroll down to "Lacrosse Involvement":

LACROSSE INVOLVEMENT

INVOLVEMENT	GAME TYPE
Official	Men's / Boy's

Update your involvement with lacrosse

If that doesn't say "Official," click "Update your involvement with lacrosse" and walk through the questions it brings up. When you get to this screen:

ARE YOU A LACROSSE OFFICIAL?

YES NO

MEN'S / BOY'S WOMEN'S / GIRL'S BOTH

NEXT

select "Yes" and "Men's/Boy's," and then on this screen:

WHAT LEVEL(S) OF THE MEN'S OR BOY'S GAME DO YOU OFFICIATE?

Youth

High School

College

Post College

NEXT

select "Youth" (and "High School" if you plan to do high school games this year). After you complete that survey, log out and log back in; you should now see the "E-Learning" option in step 3. If you don't, please email lacrosse@yourassignment.net.

5. Click on E-Learning. (It may make you log in again.)

6. Click “View All.” You may also need to click “View More” on the next screen several times to see all the courses.

7. The relevant courses for some or all Northland LOA officials are

- Boys Lacrosse Rules Course
- Boys Officials - 2023 Annual Professional Development
- Exam - 2023 -Boys Lacrosse Youth Rules
- Exam - 2023 - Boys Lacrosse High School Rules

If you don't see any of these, click the red “Search” button at the top of any

E-Learning page.  Note that the youth test is required for Level 1 officials and the high school test is required for Level 2 officials.

8. Click the relevant course and it should lead you through the rest of the steps.
